INTRODUCING
M-FISH

An ideal solution for parks with fishing!

- fishing patrons have a convenient location to process their catch
- can be placed anywhere: directly at the beach, grass areas or near parking
- provides an area that's easily accessible by more visitors - fishing and leisure alike
- the semi-underground design keeps contents cool inside and the external area odour-free
- results in cleaner docking and swimming areas
- waste is collected with less frequency

Another smart innovation by Molok!
